Getting started

Our knowledge of the local rental market coupled with a tailored approach to advertising will help you set an achievable rent and find the right tenant.

Property Appraisal and Valuation

We offer an independent assessment of your property by one of our trained and experienced members of staff. This is free of charge and with absolutely no obligation.

We will visit the property and advise you of any work required to meet regulatory requirements.

We will also offer advice on any other actions you need to take before you let the property including necessary repairs or refurbishments.

Although we look to acquire the best price in the market, it's important that you set a rent that is competitively priced, fair and achievable. Using our extensive knowledge of the local rental market, we will assess how much your property could fetch in the current climate. Our rental valuation will take into consideration the location, size, standard and condition of the property and whether it will be let furnished, part furnished or unfurnished.

During the assessment we will be happy to discuss the lettings process with you and answer your questions. If you are a first time landlord you will have plenty of opportunity to find out more about what is involved in letting a residential property.

We tailor
our marketing
approach to the type
of tenant you are
looking for to
attract genuine
interest

Portfolio Presentation

At Elevation we use the very latest technology and proven marketing techniques to advertise our clients rental properties.

We use all the major property websites including **Rightmove** and **PrimeLocation**. Our own website **www.elevationstateagents.com** is responsive which means it automatically optimises the display to work and look good on smartphones and tablets. This gives your rental property the highest possible online exposure, whichever device your potential tenant uses.

Our online marketing activity includes social media through our Facebook pages and Twitter account and we supplement this with email marketing campaigns and our distinctive To Let boards.

We tailor our marketing approach to the type of tenant you are looking for to attract genuine interest. Once instructed, one of the first things we do is to match a property with our list of waiting tenants and send them your property particulars by email with alerts via SMS text message.

High quality photography and floor plans are fundamental to presenting your rental property in the

best possible way. We take the time to capture the best picture of each room and show off its best features, ensuring every picture looks inviting.

Where appropriate, we will arrange for aerial photographs to help capture and promote the individual setting and position.

Location is a primary factor for people when choosing somewhere to rent and our online property particulars include information on transport links, schools, shopping and leisure facilities and other local amenities with useful maps of the area.

Securing the Most Suitable Tenant

As a landlord, you need peace of mind that the right tenants will be living in your property. All potential tenants on our rental database are pre-qualified by us before we carry out viewings to ensure they are suitable.

We take up tenant references and credit checks on your behalf using a specialist referencing agency. This vetting process is a critical step in securing a reliable tenant for you.

Preparing your property to let—the legal essentials

Our experienced lettings team will provide the latest information and guidance to ensure you meet all your legal obligations as a Landlord.

Energy Performance Certificate

All properties for rent must have an Energy Performance Certificate (EPC) before any marketing or viewings can take place. An EPC rates energy efficiency and its environmental impact and is valid for ten years for rental properties. A copy of the EPC must be made available to tenants before entering into a tenancy agreement. If you do not have an EPC for your property, Elevation can arrange an inspection for you.

(Minimum energy efficiency standards require 'E' EPC ratings from April 2018)

Safety

1 Gas Safety

Under the Gas Safety (Installation and Use) Regulations 1998, landlords have a legal obligation to make sure all gas pipework, appliances, fittings and flues are safe to use and maintained in a safe condition. Every gas appliance and flue must be tested for gas safety every 12 months. A Gas Safety record must be provided to existing tenants within 28 days of the annual safety check, or to new tenants before they move in, and you must keep copies yourself for two years. All installation, maintenance and safety

checks must be carried out by a Gas Safe registered engineer. We can arrange this for you.

2 Furniture and Furnishings (Fire) (Safety) (Amendment) Regulations 2010

Upholstered furniture and soft furnishings supplied in a rented property must comply with current regulations. This includes, but is not limited to, bed frames, mattresses, headboards, sofas, pillows, cushions, seat pads and any garden furniture that may be used indoors. Items which comply will have a suitable permanent label attached. All non-compliant items must be removed before a tenant moves in. Bedding, carpets, curtains and any furniture made before 1950 are exempt.

3 Electrical (Safety) Regs 1994

Landlords are required to ensure that the electrical installation in a rented property is safe when tenants move in and maintained in a safe condition. Although not a legal requirement, it is strongly recommended that you have the property inspected and tested by a registered electrician every five years and arrange Portable Appliance Testing (PAT test) once a year to ensure electrical appliances are safe and fit for purpose.

4 **Smoke and Carbon Monoxide Detectors**

New regulations introduced in October 2015 require landlords to install smoke alarms on every floor of their rental property and test them at the start of every tenancy, and to install carbon monoxide alarms in high risk rooms such as those where a solid fuel heating system is installed/open fires.

(Not including tenancy renewals with existing tenants).

5 **Housing Health and Safety Rating System (HHSRS)**

If you own a property and rent it out, your local council may decide to do an HHSRS inspection. Inspectors look at 29 health and safety areas including legionella bacteria control.

Consent to Let

If your property is mortgaged, you must obtain written consent to let from your mortgage lender.

If it is leasehold, your lease may require written consent from your landlord before you can sub-let.

Houses in Multiple Occupation (HMO)

If your property is let to at least three tenants who share toilet, bathroom or kitchen facilities but are not from one household or family – sometimes called a 'house share' – it is a House in Multiple Occupation' (HMO). Depending on the size of the property, the number of tenants and the area, you are likely to need an HMO licence from your local council plus an HHSRS inspection. We can advise you on this.

Buildings Insurance

Landlords are required by law to take out buildings insurance for rental properties. We advise our clients to also consider contents insurance and policies to cover rent guarantee and legal expenses.

Council inspectors look at **29** health and safety areas during an HHSRS inspection!

Letting your property— moving your tenant in

Our professional lettings service ensures everything is in place for a smooth and trouble-free start to renting out your property.

Our inventory provides a crucial legal reference in case of any discrepancy or claim against a tenant's deposit at the end of a tenancy

Tenancy Agreement

This is a legally binding agreement, setting out the rights and obligations of both Landlord and Tenant. Most residential property is let on an Assured Shorthold Tenancy (AST) for an initial fixed term of 6 or 12 months. We can advise on all options available to help you make an informed decision on areas of responsibility, conditions of tenancy, how and when the rent will be reviewed and notice terms. We will prepare all the paperwork and draw up a comprehensive legal document for signing.

If we are fully managing your tenancy and rental property for you, then the tenancy agreement will include those activities we will be responsible for on your behalf.

Inventory / Schedule of Condition

All of the inventories produced for Elevation clients contain a full written description of the property, its contents and schedule of condition inside and out including the walls, flooring and all fixtures, fittings and furnishings provided with photographic evidence. This provides a crucial legal reference in case of any discrepancy or claim against a tenant's deposit at the end of a tenancy.

Utilities & Council Tax

Usually, it is the tenant's responsibility to pay utility bills and council tax. We can organise all meter readings and arrange the transfer of water rates, gas, electricity and Council Tax accounts to the tenant.

Deposits Schemes

A deposit is paid by the tenant at the start of a tenancy to safeguard against damage. Since April 2007, all new Assured Shorthold Tenancies must be registered with a government-backed tenancy deposit protection (TDP) scheme within 30 days of receipt of the deposit. If we are not providing our Fully Managed Letting Service to you,

then you would need to register the deposit with a DPS scheme yourself. Landlords should be aware that there are significant penalties for failing to comply with deposit protection requirements.

We normally collect a deposit from the tenant which is equal to one and a half month's rent. Elevation is registered with the Deposit Protection Scheme which means your tenant's deposit will be held by the DPS for the duration of the tenancy. We will register deposits on your behalf and liaise with their dispute service should the need arise at the end of a tenancy. We will also provide your tenant with the name and contact details of the DPS scheme and its dispute resolution service, which is a legal requirement.

Keys

You should provide two sets of keys per property.

Where we will be managing the property for you, we will also require a full set which will be coded for security purposes. We can arrange to have duplicates cut.

Letting your property – day to day management

Once your tenant has moved in we can take care of your property, tenancy arrangements and your landlord duties throughout the tenancy and beyond.

Collecting Rent

Elevation offers a rent collection service on its own or as part of its Fully Managed Letting Service for busy landlords. We collect rent monthly unless the Tenancy Agreement specifies otherwise. Occasionally, tenants may experience financial difficulties and our rent collection service includes chasing any late payments. We will notify you at the earliest opportunity of any rent arrears and our account management team will endeavour to recover payment on your behalf. You can protect against loss of rental income with an insurance policy; we can suggest one if you wish.

Rent Recovery Plus (Homelet)

Our fully managed service includes rent guarantee and legal cover that assists our client landlords in maintaining rent payments should your tenant fall into significant arrears. In addition, this policy covers the legal process of evicting the tenant from the property and gaining vacant possession through the courts.

Rental Income and Taxation

We pay the rent to landlords monthly by BACS (net of our fees and any disbursements, bills and income tax if appropriate) and provide monthly income and expenditure records.

As a landlord, you are responsible for assessing your own tax for rent received. Below is some basic guidance on taxation matters relevant to landlords; however we would always recommend you seek independent financial advice from an accountant on tax matters.

1 **Income Tax**

Rental income is liable to tax, although a number of expenditure items can be offset against rental profit. You would also need to pay Class 2 National Insurance if the work you do counts as running a property business.

2 **Overseas Landlords**

Under the Non-resident Landlord (NRL) Scheme, your lettings agent will need to deduct tax from the rental income and pay the tax directly to HM Revenue & Customs.

Inspections, Maintenance and Repairs

The practicalities of being a landlord can be very time-consuming. With our Fully Managed Letting Service we take care of all the day to day management and upkeep of your rental property so you don't need to worry about it.

We will carry out regular routine inspections, we have a network of reliable and trustworthy contractors we can call on to deal with routine repairs or emergencies at very competitive rates.

With our Fully Managed Letting Service we take care of all the day to day management and upkeep of your rental property so you don't need to worry about it

Tenancy Renewals, Reviews and Notices

We will handle all tenancy renewals, including rental reviews, for you. If you decide to increase the rent we will issue the relevant notice informing your tenants. If you wish to end a tenancy, we will serve notice to your tenants in line with all legal process and timing requirements and manage all the end of tenancy administration.

End of Tenancy Checks and Deposit Returns

At the end of a tenancy the landlord should ensure the property is in a good, clean condition before the tenant checks out, take back the keys and formerly take

possession of the property. Assuming there are no issues and all paperwork is completed, utility companies notified and you have a forwarding address for the tenant, the landlord should return the tenant's deposit. This is all included as part of our Fully Managed Letting Service.

Remarketing

No landlord wants a vacant property. If a tenancy is not renewed, we offer landlords who take our Fully Managed Letting Service an automatic property appraisal, rental valuation and remarketing service until we find a new tenant.

Peace of mind for busy landlords

Choose our Fully Managed Letting Service and all you have to do is sit back and enjoy the rent. Your dedicated Property Manager will take care of everything and keep you fully informed.

Once your property is let the work doesn't stop there. Today's tenants can be quite demanding, expecting maximum value for their rental. Whether it is fridge failure or a leaking shower, you can be sure any tenant will want a swift repair, however inconvenient the timing may be for you.

This is why our clients value our full property management service where we look after any repairs and tenancy issues for you. And, for your peace of mind, we also visit the property regularly and organise any

maintenance and safety compliance checks, assuring you that your property remains in sound condition and your legal obligations are met.

Personal Service

You will have your own Property Manager who will look after every aspect of the let and your property throughout the life of the tenancy. Our landlord clients tell us they appreciate the continuity and accountability of a single point of contact.
